Boating Around Killer Whales
South Coast of BC · 2019

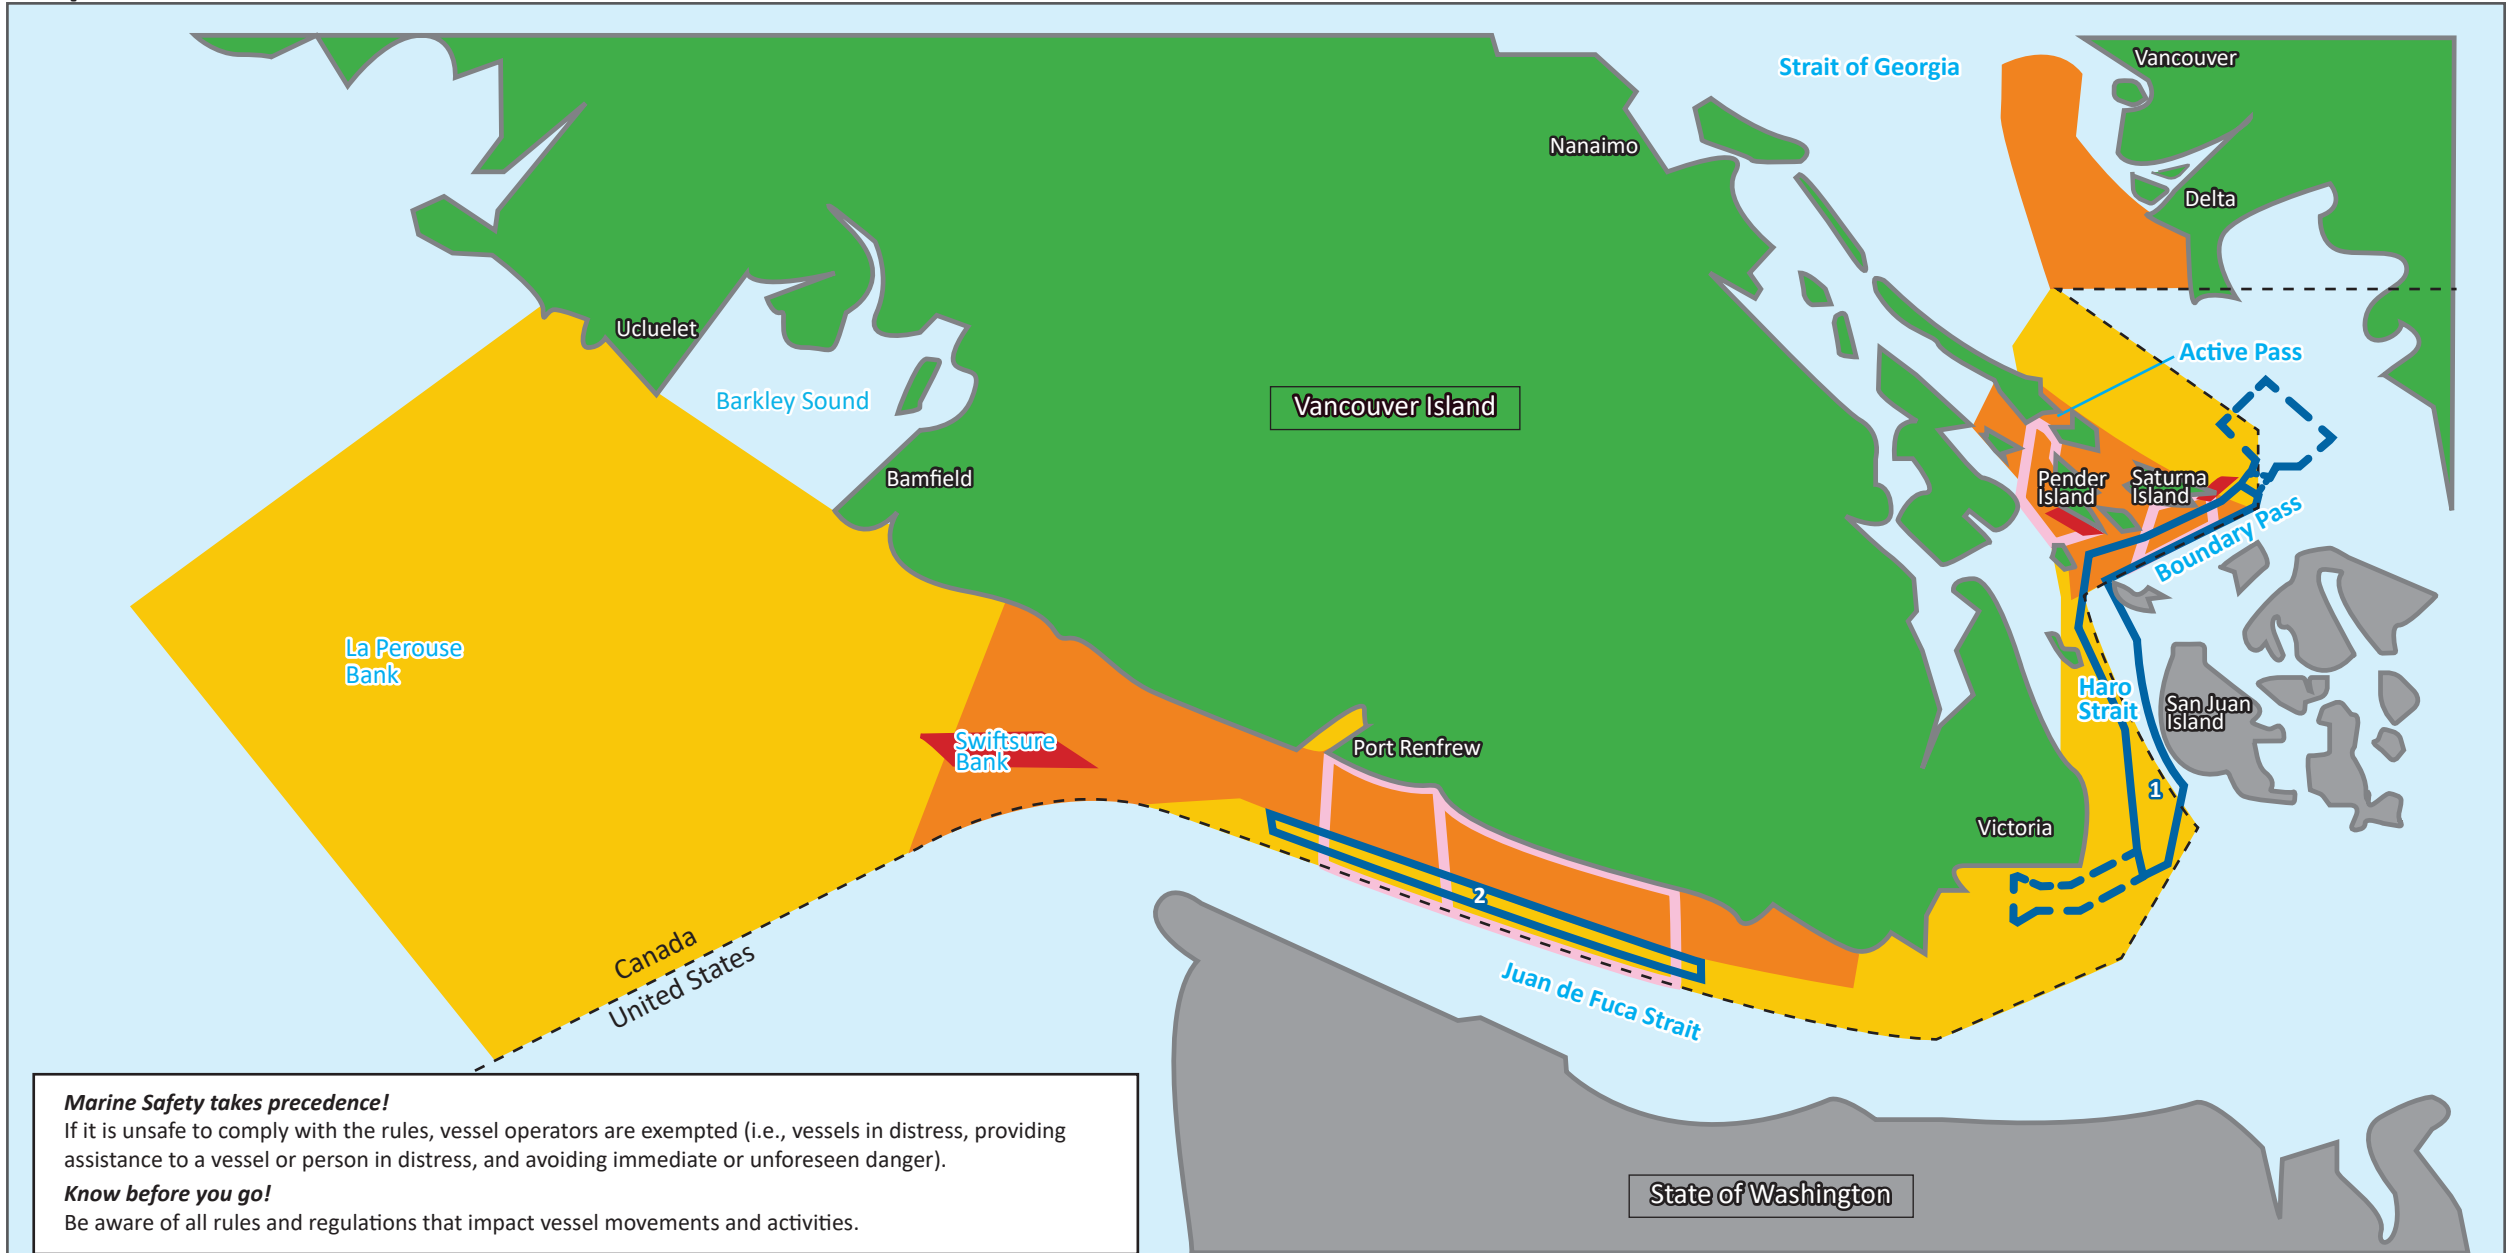

Boaters need to be aware when boating around killer whales. Always slow down when killer whales are near, if safe to do so.

- Rules that apply year-round:**
- **Keep 200 metres away** from all killer whale populations in B.C. and the Pacific Ocean.
- Rules from June 1 until October 31 in critical habitat:**
- **Keep 400 metres away** when you see any killer whales.
 - **No fishing or boating** around certain sections of Swiftsure Bank, off the east coast of Saturna Island and south-west of North Pender Island.

- Additional ways you can help:**
- Go Slow! **Reduce your speed** to less than 7 knots and avoid fishing when you're within 1,000 metres of a killer whale. Areas to be aware of include Gulf Islands, the Strait of Juan de Fuca and the Mouth of the Fraser River.
 - **Reduce noise** from boats by turning off your echo sounders when not in use, and engines to neutral idle when within 400 metres of a killer whale.

Please help protect Southern Resident Killer Whales! They live in the southern coast of British Columbia and are endangered.
